

Hard to be awake and
Hard to keep the faith but
Feeling slightly better
Singing with you

Feeling kind of numb as
Fire burns the world but (a)
Step towards rebuilding (is)
Singing with you

Watching fear and violence
Watching voices silenced
Giving thanks to still be
Singing with you

Fill the streets with music
Make *our* voices louder
There is joy and power (in)
Singing with you

So I stay awake and
Try to keep the faith 'cause (I'm)
Feeling slightly better
Singing with you

Feeling slightly better
Singing with you

Feeling slightly better
Singing with you
